## Skills

---

**Hard Skills:** HTML/CSS, React.js, Node.js, MongoDB, JavaScript, Java, Tailwind CSS, Express.js

**Soft Skills:** Communication, Critical thinking, Collaboration, Teamwork, Problem-Solving, Adaptability

## Technical Projects

---

### Social Media Website

2026

HTML/CSS, Node.js, MongoDB, JavaScript, API Integration, Express.js, Postman

[GitHub Repository](#) [Live Demo](#)

- Built a social media-like site to understand backend integration with frontend using Node.js, MongoDB, and Express.js.
- Implemented server-side rendering with Ejs and styled pages with CSS for a complete user experience.
- Gained practical knowledge of backend workflows and how they connect to frontend.

### Portfolio Website

2026

HTML/CSS, React.js, JavaScript, Tailwind CSS

[GitHub Repository](#) [Live Demo](#)

- The portfolio displays technical skills and projects, making it easier for clients and collaborators to see my work.
- Built with HTML, CSS, JavaScript, and React.js, it emphasizes frontend development and responsiveness.
- Designed to establish a professional online presence.

## Problem Solving & Data Structures

---

### [LeetCode](#)

I have demonstrated strong problem-solving skills through extensive experience with data structures like Arrays, Strings, Stacks, LinkedLists, Trees, and BSTs, solving over 110 DSA problems on LeetCode using Java. My approach focuses on designing efficient algorithms with a clear understanding of Big-O complexities, enabling me to develop optimized solutions that improve system performance in real-world projects.

## Education

---

### Bhagwati Institute Of Technology & Science

BCA (2023 -2026)

### Ramjas School Number Four

Class XII (2022)

Percentage: 75.4

### Ramjas School Number Four

Class X (2020)

Percentage: 63.6

## Certifications

---

- [JavaScript](#)-Infosys ( June 2025)
- [CSS3](#)-Infosys (June 2025 -June 2025)  
**Skills learned:** HTML/CSS
- [HTML5 -The Language](#)-Infosys (June 2025 -June 2025)  
**Skills learned:** HTML/CSS
- [Networking and Web Technologies](#)-Infosys (May 2025 -June 2025)  
**Skills learned:** Networking Fundamentals

## Achievements

---

- Secured first position in the "Website Development Competition" at BITS campus, showcasing proficiency in coding language website development.
- Secured first position in the "Hackathon Participation" at BITS campus, working on intensive coding projects within a short time frame, fostering creativity and problem solving skills
- Achieved 1st place in 'Code & Quiz Blitz', a tech competition, conducted at the BITS campus, showcasing tech knowledge and coding skills.
- Won 3rd place as part of the winning team in the "Syntax Sprint '25" Hackathon, organised by the Tech Club at GDG Campus, demonstrating problem-solving and teamwork skills.
